

Welcome to Carrara Cabinets Interior Design Studio

Thank you for choosing us to bring your vision to life. Whether you're working with us from start to finish or just need design support, here's what to expect and what it will cost:

Our Design Process

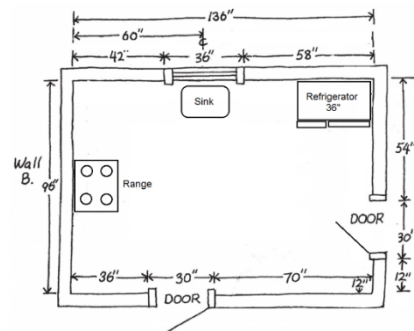

Step 1: Initial Design Consultation (Cost: \$0.00)

This is your opportunity to share your vision, ideas, and must-haves with us. Bring your measurements and photos to make the most of this session. We'll create a first draft design and provide a rough budget estimate.

Please Note: This meeting will take place either at our Showroom in Fort St John or over the phone. It does not include a site visit.

What to bring:

- Photos of your space
- Inspiration images
- Product numbers for appliances (if known)
- Measurements of the space, including:
 - Wall lengths and heights
 - Window and door sizes and locations
 - Appliance and sink locations

Step 2: Design Services (\$75/hr)

Once the consultation is complete, we'll refine the design and, if needed, schedule a site visit. We'll take precise measurements and confirm materials, resulting in a complete custom design and visualizations.

We also offer full Interior Design Packages that include floorplans, colour schemes, 3D renderings, and more.

Step 3: Confirmations

Once the design and materials are finalized, we'll send everything to you for review and approval. You'll be asked to sign a confirmation document digitally—please read it carefully!

Step 4: Deposit (75% of Project Total)

This payment locks in your project and allows us to begin ordering your materials.

Step 5: Order Placement & Delivery

Once the deposit is received, we will order all your selected finishes and materials, keep you up to date on arrival dates and schedule pickup or delivery of your items.

Please note: All materials ordered at this stage are considered final sale and cannot be changed, returned, or refunded.

Step 6: Final Walkthrough & Payment (Remaining Balance)

Upon project completion, a final walkthrough will be scheduled to ensure everything meets your expectations.

During this visit, we will inspect the finished product and address any last-minute concerns. Final invoice will then be issued.

*It is important to note that these steps may vary depending on the specific design project.
